Materials, Finishes & Quality

- Table top core is MDF Mediland quality LP classified as Class E1 according to European norm EN 622-1:2003 and density between 600-620KGS/m³ which is maximum in furniture appliance.
- To achieve the piano lacquer finish a thick layer of lacquer is applied which afterwards goes through a 10 days manual polishing process with wool.
- All pieces come with three layers of polish with **sanding by hand** between each layer to achieve an optimal smooth adherence and durability.
- The wooden parts are all **polished** with lacquers of polyurethane with high content of solids to build a greater hardness without losing the sensation of the wooden touch.
- The decorating elements are made by **laser cut stainless steel** finished by hand.
- The structures are made of steel given an **exclusive treatment** which consist of niquel bath, lacquered and polished by hand.
- All tables are **finished by hand**, pre-assembled in the factory, numbered one by one to guarantee a perfect assembly for the final client.
- **Unique packaging** in reticulated polyethylene foam, triple layer of laminate polyethylene with hermetic bubbles 5x5 and density of 5400 bubbles/m², corner protectors of high density reticulated polyethylene foam and cardboard box made to fit.

TECHNICAL PRESENTATION

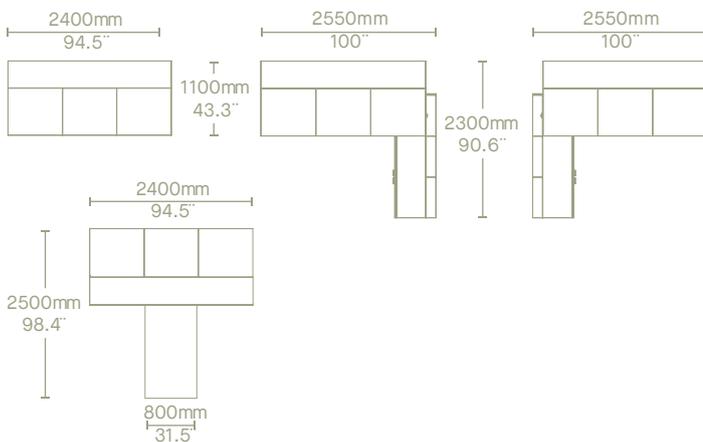

Presidential desk

- Desk made with **MDF top** with interior reinforced steel structure top with steel tubes of 40x30x1,5mm/1.6x1.2x0.06" painted and protected against corrosion. The top incorporates a solid stainless steel piece of 240x85mm/9.4x3.3".
- The desk with steel leg support, is always supported on a left/right credenza which elegantly solves all **cable management**. The desk with wooden leg support is available as free standing desk or supported on left/right side return. The desk has the **option of a long modesty panel in wood veneer or piano lacquer finish**.
- There are **two options** for lateral structure:
 - 1) Desk with lateral **steel structure** made through pure craftsmanship. This structure is made with steel tube which measures 20x80mm/0.8x3.1" (40mm/1.6" in thickest part) and it enters 60mm/2.4" into the 85mm/3.3" thick top laterally and in front part.
 - 2) **Wooden leg** of 80mm/3.1" of thickness.
- The desk incorporates 2 front drawers with space for DIN A 4 papers and pencils with veneer/leather finish. The top is available with **two or three natural leather pieces** in the cover area.
- Desk top with natural veneer or piano lacquered finish (white/black). It can also be **personalized** as especial request.
