Materials, Finishes & Quality

- Table top core is MDF Mediland quality LP classified as Class E1 according to European norm EN 622-1:2003 and density between 600-620KGS/m3 which is maximum in furniture appliance.
- To achieve the piano lacquer finish a thick layer of lacquer is applied which afterwards goes through a 10 days manual polishing process with wool.
- All pieces come with three layers of polish with **sanding by hand** between each layer to achieve an optimal smooth adherence and durability.
- The wooden parts are all **polished** with lacquers of polyurethane with high content of solids to build a greater hardness without losing the sensation of the wooden touch.
- The decorating elements are made by **laser cut stainless steel** finished by hand.
- The structures are made of steel given an **exclusive treatment** which consist of niquel bath, lacquered and polished by hand.
- All tables are **finished by hand**, pre-assembled in the factory, numbered one by one to guarantee a perfect assembly for the final client.
- **Unique packaging** in reticulated polyethylene foam, triple layer of laminate polyethylene with hermetic bubbles 5x5 and density of 5400 bubbles/m2, corner protectors of high density reticulated polyethylene foam and cardboard box made to fit.

TECHNICAL PRESENTATION

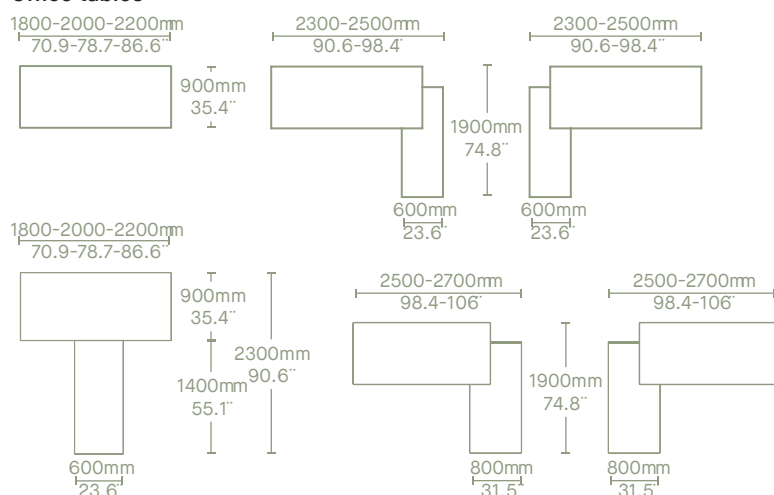

Top executive desk

- Desk with **MDF top of 50mm/2"** with wood veneer or matt lacquer (color customized as a special request). Table top is supported by 2 lateral closed steel frames made with rectangular metallic tube, finished in chrome.
- The freestanding desk has a structural short modesty panel in wood and the option of a long modesty panel in same finish. The **desk supported on a full storage side return** always has a long modesty panel in wood or matt lacquer finish. The modesty panel integrates nicely in the design of the desk and covers the height of the side return.
- The top is available with **eco-leather** applicable along the table in many different colors.
- The desk can be supported on full storage side return which incorporates 4 drawers / drawer + filing, cabinet with shelf inside and CPU space with door. The side return always incorporates round black **cable access**. **There is an extended version** (depth: 800mm/31.5") **with matt lacquered shelves on the backside**. There is the option of a cable box (Flip / Flop type) with 2 power + 2xRJ45 or custom configuration. The box is made of steel. Finish can be painted in white, black or aluminium. The power strip is accessible from one side of the table, The flip cover is finished with the same material of the table top.
- The structural beam is connected to table top with fittings Din7991 of 6x40mm/0.24x1.6". The 2 steel frames are connected by a structural steel beam of 40x25x1.5mm/1.6x1x0.06".
- The desks come with **levelers for floor adjustment**.

TECHNICAL PRESENTATION

Conference tables

- Conference table with **50 mm/2" MDF top**.
- The conference table top could be finished in natural wood veneer, matt lacquer or combining natural wood veneer or matt lacquer with a central section in eco-leather. The matt lacquer color finish is personalized as a special request. The supporting metallic structure is finished in chrome. The structure incorporates a central structural short modesty panel in wood.
- The conference tables with **cable management** needs a double short modesty panel to centrally locate cable boxes (Flip / Flop type) with box of 3 positions (2 power + 2xRJ45) 6 positions (4xpower + 2xRJ45 + 1xUSB 1xHDMI) or custom configuration. Vertical cable management via lateral matt lacquered leg or chromed spiral. The power strip is accesible from the both sides of the table. The flip cover is finished with the same material of the table top.
